Attention Handling Resource Center:

In an effort to be more responsible with our paper usage and natural resources, Southwest Nuclear Advocates requests that the handling resource center for this claim please **refrain** from sending a physical copy of the compiled claim forms or OHQ to our office at 39 Crescent Palm Ct.

These forms either originate with our office or are available on the portal. We see no need to send a physical copy to our office which creates excessive waste.

Thank you so much for all you do.

Sincerely,

Tyler Bailey & Staff
